

**CITY OF EDINA  
IN TOUCH PROGRAM  
BLOCK CAPTAIN APPLICATION**

*Thank you for your interest in the City of Edina’s new “In Touch” program.*

*The first objective of Edina’s Vision 20/20 is to maintain strong residential neighborhoods. One of the strategies to meet that goal is to improve communication with the community’s many neighborhoods. The In Touch program is one way the City is working to improve communication with its residents and neighborhoods.*

*The In Touch program relies on volunteer Block Captains to hand down information to people in their neighborhoods. The City will regularly send Block Captains e-mail and other correspondence and will ask those people to communicate the information with their neighbors. Workshops and training sessions for Block Captains might also be held periodically.*

*As a volunteer Block Captain, you will be responsible for creating your own distribution lists or other means for handing down the information. Your neighbors will count on you for timely dissemination.*

*The City will publish a list of Block Captains and the areas they represent on its website, [www.CityofEdina.com](http://www.CityofEdina.com). New residents might contact you to be put on your distribution list. You may opt out of the program at any time.*

*Please note that any information you provide to the City is subject to the Minnesota Government Data Practices Act. This law classifies certain information (such as an e-mail address) as available to the public on request.*

Applicant Name: \_\_\_\_\_

Address: \_\_\_\_\_

Telephone Number: \_\_\_\_\_

E-mail address: \_\_\_\_\_

*Please describe the geographic area of the area you will disseminate information. The area can be large or small. Examples of descriptions are: 5000 block of Bedford Avenue; Interlachen Boulevard from Blake Road to Vernon Avenue; Parkwood Knolls Neighborhood.*
