

Construction Update No. 1A

Minnehaha Woods Neighborhood Roadway Improvements

City of Edina Contract No. ENG 11-5

May 17, 2011

This update is for homeowners who live on the 5300 block of Brookview Avenue just north of the Minnehaha Woods Neighborhood Roadway Improvement Project (project).

The City's contractor, Palda and Sons, Inc. (Palda), has begun using the project's storage/staging area (area) located in the City Park along the east side of Brookview Avenue just north of 54th Street. A map showing this area is included with this update.

The information listed below summarizes the activities that will occur within the area throughout the project.

Construction Material Storage

The purpose of the area is for Palda to deliver, store and move construction materials to and from the area periodically throughout the project. The blue storage container will house Palda's smaller equipment and supplies.

Trunk Water Main

Palda will be reconstructing the trunk water main pipe in the project. In order to complete this work, Palda will deliver bundles of pipe to the area and lay out and connect long strings of new trunk water main pipe along the east edge of Brookview Avenue as shown on the attached map. These long strings of pipe will be pulled south across 54th Street to be installed in the project. Palda will make accommodations to protect Brookview Avenue north of 54th St. during this work.

Construction Vehicle Activity

Palda will not be allowed to park any vehicles on Brookview Avenue at any time. The use of Brookview Avenue will only be allowed for temporary delivery and moving of construction materials.

Safety

Please remind your children to stay away from the area. The machines and materials can be dangerous. Job site safety is our number one concern.

Restoration

Vegetative

Following completion of the project, Palda will be removing all of their items from the area, replanting grass to disturbed areas and planting two new trees in the City Park.

Pavement

Following completion of the project, Palda will be responsible for correcting any damage made to the existing bituminous pavement on Brookview Avenue and/or 54th Street.

Working Hours

Palda is not allowed to start any equipment prior to 7 a.m. or run any equipment later than 9 p.m. Monday through Friday, and 8 a.m. to 7 p.m. on Saturdays. No work is allowed on Sundays without written permission from the City.

Project Schedule

Palda has begun street and utility reconstruction and the anticipated completion date is October 28, 2011.

Project Contacts

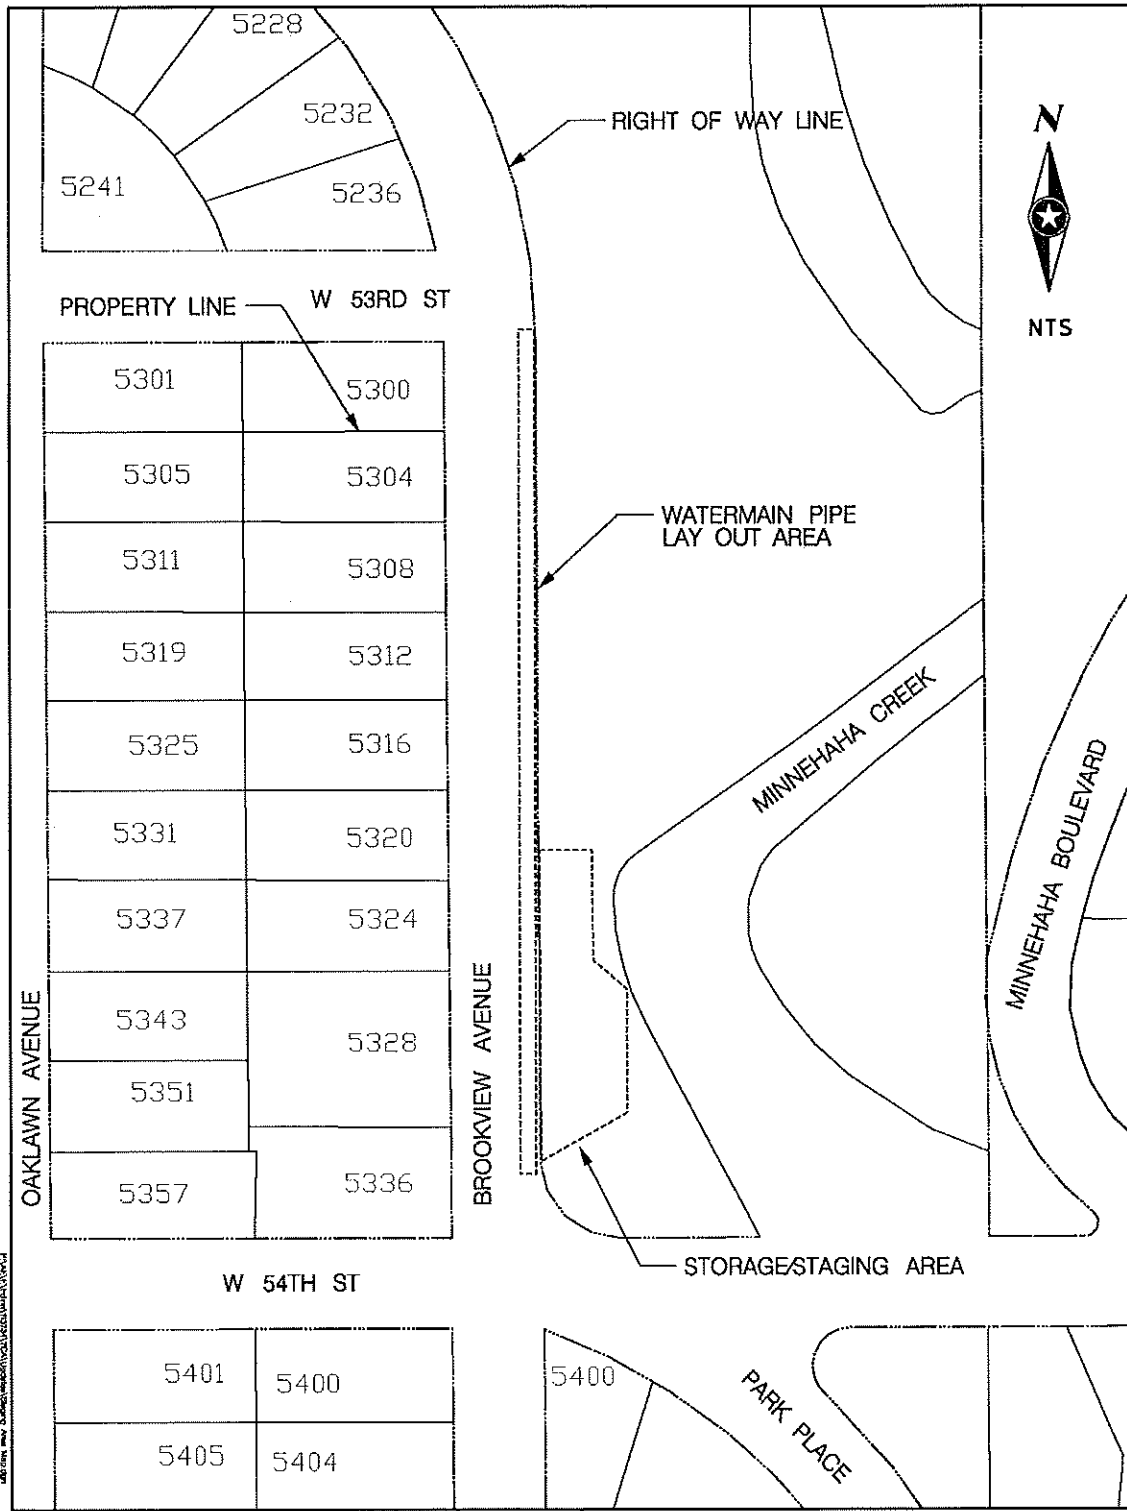

Please call or email me, Carter Schulze at SEH, with your questions and concerns. My telephone number and email address are 612.598.4254 and cschulze@sehinc.com. If you get my voice mail when you call, please leave a message. I check my voice mail regularly throughout the day, night and even on the weekends.

Thank you for your patience during this process.

Sincerely

Carter Schulze, RPR
SEH Resident Project Representative
