

April 22, 2011

Dear Residents:

On March 15, the City Council discussed the Golf Terrace Street Reconstruction project that was continued from the February 15 Public Hearing. The City Council did authorize staff to proceed with the preparation of plans and specifications to be completed and bids taken for the project.

The next step will be for staff to complete these tasks. Our anticipated schedule is as follows:

- May – Open bids
- June – Council awards the project to contractor
- Late June – Project begins

This will be our last communication with you until after the City Council takes action on the bids; staff will then know the contractors construction schedule, such as when and where they will start construction and other important construction information.

As the project progresses, you will continue to receive a monthly Construction Update letter but our primary form of communication with you will be through our City Extra email.

In the meantime, please do not hesitate to contact us if you have any questions, 952-826-0371.

Regards,

Jack Sullivan
Assistant City Engineer
