## **GOLF TERRACE STREET RECONSTRUCTION**

Dear Residents:

Please note the following update has been broken into two parts:

### **Private Utility Reconstruction Schedule**

As part of the construction process, private utility companies will soon begin their work in your neighborhood. The major upgrades of private utilities will be replacing gas mains and gas service lines as well as cable TV service lines to your home.

CenterPoint Energy and Comcast Cable have hired their own contractors to upgrade these private utilities. Keep in mind that these are a separate private utility upgrade that is not directly associated with your neighborhood project. They will have a project superintendent onsite to assist you with getting your service lines upgraded.

The following is a preliminary schedule for private utility work and upgrades:

- Comcast Cable TV – Work is nearing completion.
- CenterPoint Energy – Work will begin the week of June 13 and be completed mid July.

These completion dates are approximate, and are subject to delay caused by inclement weather.

### **General Contractor Schedule**

The City Council has awarded the project to Palda and Sons. At this time a schedule for their work is yet to be determined. We will be working with Palda and Sons to put together a schedule and neighborhood phasing plan. At this time, they are planning to work behind the CenterPoint Energy's upgrades.

Once actual start dates and locations are determined, an update will be sent out via City Extra, as well as a letter in the mail to each homeowner within the project limits.

### **Who to Contact with Questions and Concerns**

I am your project's manager; please feel free to contact me if you have any questions. I can be reached in the office at 952-826-0444 or [akuznia@ci.edina.mn.us](mailto:akuznia@ci.edina.mn.us)

Sincerely,

Aaron Kuznia - City of Edina – Project Manager
