South Garden Estates Neighborhood Reconstruction

Dear Resident,

Crews will be paving the first layer of bituminous asphalt on Dunham, Claremore Court and Wooddale today. Crews will also be placing curb and gutter on West Shore Drive south of Andover and Belvidere lane. If you encounter this string line across your driveway, and need to move your car out, please contact the crews. They will lower the line for you while you move your car out. You may need to park down the street to stay out of the crews way.

On Monday, crews will then begin work on your new concrete aprons and driveways on West Shore Drive and Belvidere Lane. You will be notified by an orange flyer in your front door. This flyer will have instructions on where to park your car, and contain information on the 7-day curing period for the new concrete. Please watch your front door. Crews will place this a day in advance to keep you informed of where/when to move your car out. (later today as it is Friday)

The middle of next week, crews will be shutting off the water on Belvidere to install 2 new fire hydrants. An orange tag will be placed on your door a day in advance of the shutdown. Shut downs will not begin until after 8:00 am. Crews will have the water on as soon as they possibly can.

Later next week, utility crews still need to complete the installation of storm sewer on West Shore Drive. This road will be closed while the work is being done. Please use Wooddale, as it will be your best access in and out of the neighborhood next week.

Please remind all children to stay away from all reconstruction operations, parked equipment, and stockpiled supplies. For everyone's safety, if you see anything onsite that looks out of place or someone that doesn't belong please call the City of Edina Police Dept. They have been informed of this, and are keeping a close eye on the site for us, but your help would be greatly appreciated if you see anything out of place.

Please remember this schedule is weather dependent and therefore, can change on a daily basis. As always, please feel free to contact me if you have any questions. I can be reached in the office at 952-826-0444 or akuznia@ci.edina.mn.us The City of Edina as well as Midwest Asphalt and the rest of the crews would like to thank you for your cooperation during this project.

Aaron Kuznia - Project Inspector / Project Manager, City of Edina
