Oscar Roberts Neighborhood Reconstruction

Dear Resident,

Crews will continue working on the restoration phase of the project. Next week crews will be backfilling curbing, preparing areas for new sod, restoring blacktop and paver driveways, repairing irrigation systems, site cleanup, etc.

It is anticipated that all restoration will be completed by the end of next week.

Sod crews are scheduled for late next week to begin restoring the disturbed areas onsite and placing new sod. If crews install new sod in front of your home, please watch your front doors for a flyer that will contain instructions about your new sod and proper care and warranty.

In about 2 weeks, crews will be lining the sanitary sewer in the neighborhood. You will be notified at a later date prior to this work taking place. Contractors will hand deliver a notice to you with specific instructions in regards to this process.

Once all work has been completed in the restoration phase, the contractor will place the final layer of blacktop on you street. At this time, this work is anticipated the week of August 8th, 2011.

Safety

Please remind your children to stay away from construction sites, construction machinery, and stockpiled materials. These sites, machines, and materials can be dangerous. Job site safety is our number one concern.

Who to Contact in an Emergency

During a life or property-threatening emergency, call 911. If construction equipment or materials need to be moved as part of dealing with the emergency, 911 have a list of the contractor's emergency contacts. If it is not an emergency, you can also get a hold of the Edina Police Dept. on their non-emergency phone number at 952-826-1600.

Who to Contact with Questions and Concerns

As always, please feel free to contact me if you have any questions. I can be reached in the office at 952-826-0444 or akuznia@ci.edina.mn.us

The City of Edina and Northwest Asphalt, Inc. would like to thank you for your patience and cooperation during this project.
