

November 4, 2011

**W. 44<sup>th</sup> Street (Brookside Terrace to France Avenue) Improvement Project**

Dear Residents:

**Overall Updates**

**Signs**

New signs are anticipated to be installed on Monday, November 7.

**Striping**

Striping of the roadway has been delayed until next spring in light of new information on pavement markings to accommodate bicyclists. The City is reviewing this information for all applicable roadways at this time. We will keep you informed on the status of this.

**Restoration**

Please remember not to rake or blow your leaves on the newly restored areas in order to keep the hydromulch in place. If you use a lawn service company, please inform them of this. The contractor is still responsible for maintenance of the restored area including watering. We have seen that in general, grass is growing more rapidly in yards that are being watered by the homeowner, so we are encouraging you to continue this, weather permitting.

**Roadway Opening**

The roadway is planned to be officially back open to thru traffic early next week after the street signage is installed. Barricades and detour signs will be removed from the project site.

We thank you for your patience and cooperation during this construction season!

**Who to Contact with Questions and Concerns**

Shibani Bisson, WSB's Project Representative at 763-287-7162, [sbisson@wsbeng.com](mailto:sbisson@wsbeng.com), or our on-site project inspector, George Bender, 612-360-1321, [gbender@wsbeng.com](mailto:gbender@wsbeng.com).

Sincerely,

Shibani K Bisson, PE  
Senior Project Manager  
WSB & Associates, Inc.
